

# Invitation to join the Global Resilience Partnership

## The Global Resilience Partnership

The Global Resilience Partnership (GRP) is an independent partnership of public and private organisations working together to help millions of vulnerable people better adapt to shocks and stresses, and invest in a more resilient, prosperous and sustainable future.

Organisations who share GRP's ambition and the notion that resilience underpins the achievement of sustainable development in a rapidly changing world are welcome to apply to become a Partner and benefit from GRP's offer.

## Partnership Criteria

Partner organisations should meet all of the following criteria:

- Share and agree with the GRP mission, vision and objectives.
- Undertake work on resilience policies, programmes, investments and innovations.
- Are formal and established public or private sector organisations. This includes civil society and academic organisations. Partnership is not open to individuals or informal groups.

## Partnership Commitment

Becoming a GRP Partner requires a commitment from the organisation to be an active member and to:

- Help set GRP's objectives and strategy, and remain engaged on its progress.
- Commit to work together and share knowledge, coordinate and catalyse resilience innovations.
- Identify gaps and opportunities, and work together to fill them through new programmes and investments around resilience.
- Work together to communicate and highlight what effective action is and which policy and institutional changes are needed to deliver this, and to advance the concept of resilience.
- Support GRP either through joint actions under GRP, contributing core funding to the Secretariat, secondment of staff and/or other in-kind contributions, including sharing information on resilience.

## Application to be a Partner

Please submit a short expression of interest (maximum of 500 words) to the GRP Secretariat [info@globalresiliencepartnership.org](mailto:info@globalresiliencepartnership.org). This should set out how your organization meets the partnership criteria above, and the areas of action you would like to undertake with GRP and any support you are able to offer.

Expressions of interest will be considered at the next meeting of the GRP Advisory Council who will decide whether to invite the organisation to become a Partner. The Advisory Council meets twice a year. There is no membership fee to be a Partner.
